

## 01 Health and safety procedures

### 01.7 Staff personal safety

#### General

- Members of staff who are in the building early in the morning or late in the evening, ensure that doors and windows are locked.
- Visitors are allowed access once identifications are verified.
- When taking cash to the bank, members of staff are aware of personal safety. The setting manager carries out a risk assessment and develops an agreed procedure appropriate to the setting, staff, and location.
- Staff to inform managers of any appointments or training that they must attend.
- The setting managers liaises with local police for advice on any issues or concerns.

#### Home visits

Home visits are done at the setting manager's discretion under the following health and safety considerations:

- Staff normally do home visits in pairs, usually manager or deputy and key person.
- Each home visit is recorded in the diary with the name and address of the family being visited, prior to the visit taking place.
- Staff alert a contact person in the setting when they are leaving to do the home visit and what time they are expected to return
- If there is reason for staff to feel concerned about entering premises on a visit, they do not do so, for example, if a parent appears drunk or under the influence of drugs.
- Manager takes mobile phone when going out on a home visit.
- If staff do not return from the home visit at the expected time the contact person attempts to phone them and continues to do so until they make contact

If no contact is made after a reasonable amount of time has passed, the contact person rings the police.

#### Dealing with agitated parents/visitors in the setting

- If a parent or visitor appears to be angry, mentally agitated, or possibly hostile, Management will lead them away from the children to the staff room but will not shut the door behind them.

- If the person is standing, staff will remain standing.
- Staff will try to empathise, for example: 'I can see that you are feeling angry at this time'.
- Staff offer to discuss the issue of concern and show they recognise the concern.
- Staff will ensure that the language they use can be easily understood
- Staff will make it clear that they want to hear issues and seek solutions.
- If the person makes threats and continues to be angry, members of staff make it clear that they will be unable to discuss the issue until the person stops shouting or being abusive, avoiding expressions like 'calm down' or 'be reasonable'.
- If threats continue, members of staff will explain that the police will be called and emphasise the inappropriateness of such behaviour in front of the children.
- Management will contact Thames valley police in accordance with the code of conduct of parents, carers and visitors.
- After the event, it is recorded in the child's file together with any decisions made with the parents to rectify the situation.
- Any situation involving threats to members of staff are reported to the line manager.
- Copies of correspondence regarding the incident will be kept in the relevant child's file.
- A letter can be sent to parents stating the incident that has occurred and if continued can be banned from the setting.
